**ITEM 5. OTHER EVENTS:**

On April 17, 2003, the Board of Directors of Silicon Laboratories Inc. (the "Registrant") approved an amendment to the Registrant's insider trading guidelines to permit its officers, directors and their affiliates to enter into written trading plans for systematic trading in the Registrant's securities in compliance with Rule 10b5-1 under the Securities Exchange Act of 1934. The Registrant anticipates that, as permitted by Rule 10b5-1 and the Registrant's insider trading guidelines, a substantial number or all of its officers, directors and their affiliates will enter into trading plans on or after April 23, 2003.

The individual plans would provide for the sale of the Registrant's stock and/or exercise of options and sale of the underlying shares according to their individual formulas, which may include quantities, pricing points, dates and other variables permitted in accordance with the SEC rules. The plans will terminate at various dates, generally on dates which are one or two years after the dates of implementation. The individuals (and their affiliates) who have indicated their intent to enter into trading plans are under no obligation to do so. The identity and number of such persons is therefore subject to change.
